
Multilex Bulletin – November 2023

The Multilex Bulletin is an indication of notable changes made to the Multilex database. It also provides general information and advance warnings of changes for future months. Changes to product name are expressed in the form of the Multilex Preferred Display Name. Customers using other naming conventions may not see the changes as listed. Visibility of changes is dependent on the current data being loaded into your system and the specified element being available via your interface.

This document is not a list of all changes to the Multilex database.

The Multilex Bulletin is also available at www.fdbhealth.co.uk

Other Changes

Generic Manufacturer Changes

A number of company listings for generic manufacturer companies have had minor textual updates. This may impact customers using a Multilex product picklist. This was a one-off event.

Paravit-CF

The following Multilex drug product records have been discontinued and added as Multilex appliance records due to the inclusion of Paravit CF products in the England and Wales Drug Tariff Part XV (Borderline Substances). Replacement record links have not been put in place due to the change in product class.

Paravit-CF Capsules
Paravit-CF Liquid
