

Multilex Bulletin - December 2025

The Multilex Bulletin is an indication of notable changes made to the Multilex database. It also provides general information and advance warnings of changes for future months. Changes to product name are expressed in the form of the Multilex Preferred Display Name. Customers using other naming conventions may not see the changes as listed. Visibility of changes is dependent on the current data being loaded into your system and the specified element being available via your interface.

This document is not a list of all changes to the Multilex database.

The Multilex Bulletin is also available at www.fdbhealth.co.uk

General Information

Appliance updates

FDB have completed a program of work to improve the alignment of historic appliance Multilex records with dm+d. This update has been delivered in the data cut at the beginning of December and will see a higher number than usual of appliance records being amended and/or discontinued (10,000 plus product and pack records) to align more closely with dm+d.

Trusses

In line with December 2025 England and Wales Drug Tariff, all Multilex truss appliance records (~500 product and pack records) have been discontinued.
